(IAHA)**

Registered Under the SR Act XXI of 1860

**Allied Health Vocational Education
Programmes**

ABOUT US

Indian Allied Health Association (IAHA) is registered in Lucknow under the SR Act 1860, Section 21. The core intent of IAHA is to promote Allied Health Education in our country.

The objective of the Allied Health Vocational Education Program is to ensure that educational opportunities for development of Primary Health Care.

The emphasis of allied health vocational education programme is on developing a cadre of skilled primary health care workers, by turning the unskilled to skilled.

Allied Health Vocational courses are generally offered through open /continuing & online distance education mode accredited vocational training canter (VTC).

In VTC, the teacher, i-facilitates in the learning process. ii-provides guidance and counselling iii-monitors and evaluates learning iv-provides feedback and helps the learners to develop the required skills.

The Allied Health vocational courses of IAHA are offered in range of broad areas such as Primary Health care, Yoga & Naturopathy, Ayurveda, Alternative Therapies etc.

MISSION

The Allied Health Vocational Courses is to prepare students to contribute to a global society and diverse workforce as productive ,responsible and engaged citizens and as well-educated health care professionals .

VISION

To recognize ourselves in the leadership position among the best centre for excellence in education ,training ,practice and research to meet the challenges concerned to the human health.

AIMS

The Indian Allied Health Association Aims to provide trained, qualified, technical personnel in the field of Health Sector to support the medical profession. The emphasis of the Allied Health education programme is on developing a cadre of

professionals, especially socially backward groups and rural youth . Focuses on the concept of turning the unskilled Health workers to skilled .

- ❑ To support rural and remote area people with affordable allied health education.
- ❑ To provide effective representation, promotion and communication of allied health interests in the development and implementation of policies.
- ❑ To Provide national leadership on shaping and supporting the contribution made by allied health to health and well being .
- ❑ To strengthen the delivery with qualified candidates.
- ❑ To promote and support allied health workforce.
